## About WATERTech CHINA (BEIJING) 2019

WATERTech CHINA (BEIJING) is a large scale Northern China trade and exchange platform that focuses on the water treatment industry. The exhibition has been successfully held in partnership with the Water & Membrane China (organized by China Membrane Industry Association) since 2015. With a display area of 40,000 square meters, WATERTech CHINA (BEIJING) integrates 6 parts (Membranes; Waste Water Treatment; Point-of-Use; Pumps, Pipes and Valves; Safe Drinking Water Pipelines; Air Purification and Air Renewal System). WATERTech CHINA (BEIJING) 2019 is expected to gather nearly 40,000 professional visitors from 27 countries, and attract nearly 1,000 exhibitors from 13 countries (including Germany, the United States, the United Kingdom and Singapore) and display over 10,000 exhibits.

### Highlights

- 1 One-stop environmental protection services for users from 28 consumer industries.
- 2 Purchasing and negotiations with more than 100 buyers from top 100 consumer industry enterprises.
- 3 50% of exhibitors represent internationally renowned brands.
- 4 Nearly 30 special forums focusing on the latest industry technologies.
- 5 WATERTech CHINA (BEIJING) APP and 300,000 WeChat account subscribers as objects of market campaigns all year round.
